Notice of public record

1. Plaintiff Khan submit the document that the court failed to act in the matter of law.

3. We understood that the laws in the United States do not apply equally as it said in the books and did not expect the court to do the right things as the courts are run by the lawyers turned judges.

- 1 4. The sealed document filed in November 2018 with the expectation to become a fair  
2 proceeding was ignored and turned towards plaintiff for the abusive actions of the defendants.  
3 5. It is so made to be public as the record and to stay as public.
